

AI Marketing Pro

A mobile visual playbook to market smarter by country

Book 2 of 3

What you'll get

- Marketing explained without hype
- CTAs and messages that match your country
- A full 30-day roadmap + budget rules
- 24 copy-ready prompts on the web (one-tap copy)

Open the Prompt Library

<https://leonelulloa.com/prompts/en/ai-marketing-pro>

Tip: Read in PDF. Copy prompts on the website.

Start here (5 minutes)

- 1 Fill your Snapshot (one time)
- 2 Scan any QR / tap any link in this PDF
- 3 Tap “Copy personalized” on the website, then paste into any LL

The prompt will ask up to 3 questions if something is missing.

Your Snapshot (keep it short)

- Product / Offer (price range)
- Target customer (who + pain)
- Markets (countries + languages)
- Objective (awareness / leads / sales / retention)
- Differentiator (why you)
- Channels (IG/TikTok/Google/Email/WhatsApp...)
- Monthly budget (range)
- Delivery / fulfillment constraints

Recommended path

Day 1: P-01 → P-02 → P-04

Day 2: P-05 → P-06 → P-08

Day 3: P-09 → P-10 → P-12

Day 4: P-13 → P-14 → P-16

Day 5: P-17 → P-18 → P-20 → P-24

Marketing reality check (not magic)

What AI can do

AI can turn 'marketing' into a practical strategy tied to your product and market.

Mini example

Output: what to do, what not to do, and why.

Prompt preview (copy on web)

Act as a no-hype marketing strategist for small businesses.

Snapshot:

- Product/Offer: {{product_offer}}
- Customer: {{target_customer}}
- Markets: {{markets}}
- Objective: {{objective}}
- Differentiator: {{differentiator}}
- Channels: {{channels}}
- Budget: {{budget}}
- Delivery: {{delivery}}

Market + customer insights (by country)

What AI can do

AI can adapt messaging and channel choices by country and culture.

Mini example

Output: what people care about + how they buy.

Prompt preview (copy on web)

Act as a market researcher.

Inputs:

- Customer: {{target_customer}}
- Markets: {{markets}}
- Objective: {{objective}}

Task:

For each market (country/language):

- 1) List the top buying triggers and top objections.
- 2) Suggest best channels for reaching them (with rationale).

Find your differentiator (USP) in 15 minutes

What AI can do

AI can turn vague benefits into a sharp differentiator customers remember.

Mini example

Output: 3 USP options + proof ideas.

Prompt preview (copy on web)

Act as a positioning expert.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Current differentiator: {{differentiator}}

Task:

1) Propose 3 strong differentiators (USP) that are believable.

2) For each: write a one-liner positioning statement.

3) For each: list 3 proof assets needed (reviews, demo,

Marketing funnel that matches your product

What AI can do

AI can choose the right funnel type (not one-size-fits-all).

Mini example

Output: funnel steps + what to publish at each step.

Prompt preview (copy on web)

Act as a funnel strategist.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Objective: {{objective}}

Channels: {{channels}}

Task:

1) Choose the best funnel for my case (lead gen, direct purchase, booking, etc.).

2) Define steps: Awareness → Consideration → Conversion →

CTA playbook by country + platform

What AI can do

AI can tailor CTAs to local buying habits and language style.

Mini example

Output: 10 CTAs per market + when to use each.

Prompt preview (copy on web)

Act as a conversion copywriter with cross-country nuance.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Markets: {{markets}}

Differentiator: {{differentiator}}

Task:

For each market:

- 1) Give 10 high-performing CTA options (short).
- 2) Tag each CTA: soft / direct / urgency / trust /

Messaging: headlines + benefits that feel local

What AI can do

AI can rewrite messages to sound natural for each target market.

Mini example

Output: 5 headline sets per market.

Prompt preview (copy on web)

Act as a market-local copywriter.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Differentiator: {{differentiator}}

Markets: {{markets}}

Task:

For each market:

1) Write 5 headline + subheadline pairs.

2) Write 5 benefit bullets in customer language.

P-07

Operations

Fulfillment & delivery upgrades that increase sales

What AI can do

AI can spot friction in delivery that kills conversions.

Mini example

Output: 10 improvements + which to do first.

Prompt preview (copy on web)

Act as a conversion + operations advisor.

Snapshot:

Delivery/constraints: {{delivery}}

Offer: {{product_offer}}

Customer: {{target_customer}}

Task:

- 1) List 10 delivery/fulfillment improvements that increase trust and conversion.
- 2) Suggest the best promise you can realistically make (timelines/returns/support).

<https://leonelulloa.com/p/07>

Social profiles that convert (by market)

What AI can do

AI can rewrite bios and profile structure for trust and action.

Mini example

Output: bio + pinned posts plan + highlights.

Prompt preview (copy on web)

Act as a social profile conversion expert.

Snapshot:

Channels: {{channels}}

Customer: {{target_customer}}

Markets: {{markets}}

Task:

For each main channel:

- 1) Rewrite a high-converting bio (market-appropriate tone).
- 2) Suggest 3 pinned post topics + why.
- 3) Suggest highlight categories / link strategy.

30-day content calendar (market-aware)

What AI can do

AI can map a month of content aligned to your objective and platform mix.

Mini example

Output: 4 weeks plan + daily topics + CTA.

Prompt preview (copy on web)

Create a 30-day content calendar.

Snapshot:

Channels: {{channels}}

Markets: {{markets}}

Objective: {{objective}}

Budget: {{budget}}

Requirements:

- 4 weeks plan
- 4 posts/week + 2 short videos/week (per main channel)
- Include CTA type (soft/direct/trust/urgency) suitable per

Hooks that stop the scroll (by market)

What AI can do

AI can write hooks that sound native, not generic or translated.

Mini example

Output: 30 hooks per market category.

Prompt preview (copy on web)

Act as a direct-response copywriter specialized in localization.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Markets: {{markets}}

Channels: {{channels}}

Task:

For each market, create 30 hooks:

- 10 curiosity

Ad angles + creatives (6 angles × 2 markets)

What AI can do

AI can create testable ad angles and match them to each market.

Mini example

Output: 6 angles + copy + CTA + format.

Prompt preview (copy on web)

Act as a performance marketing strategist.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Objective: {{objective}}

Channels: {{channels}}

Markets: {{markets}}

Differentiator: {{differentiator}}

Task:

Choose the top 2 markets to start (based on likely ROI).

Open this prompt

<https://leonelulloa.com/p/12>

Landing page copy (market-specific)

What AI can do

AI can write landing copy that matches local trust triggers and objections.

Mini example

Output: hero + benefits + proof + FAQ + CTA per market.

Prompt preview (copy on web)

Act as a conversion copywriter specialized in localization.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Markets: {{markets}}

Objective: {{objective}}

Differentiator: {{differentiator}}

Delivery: {{delivery}}

Task:

For the top 2 markets:

Open this prompt

<https://leonelulloa.com/p/13>

Follow-up system (DM/WhatsApp/Email)

What AI can do

AI can write follow-ups that feel human and increase replies by market.

Mini example

Output: 7-message sequence + tone per market.

Prompt preview (copy on web)

Write a 7-message follow-up system for leads who didn't buy.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Channels: {{channels}}

Markets: {{markets}}

Task:

For the top 2 markets:

1) Create a 7-message sequence (DM/WhatsApp/Email style).

Open this prompt

<https://leonelulloa.com/p/14>

Reduce friction: trust checklist (market-friendly)

What AI can do

AI can identify trust gaps that block conversion in each market.

Mini example

Output: checklist + what to add to website/profile.

Prompt preview (copy on web)

Act as a conversion auditor.

Snapshot:

Channels: {{channels}}

Delivery: {{delivery}}

Offer: {{product_offer}}

Task:

1) Create a trust checklist for my marketing assets:

- website/landing
- social profiles
- ads

Open this prompt

<https://leonelulloa.com/p/15>

Budget reality: how much to invest (safe model)

What AI can do

AI can propose a realistic test budget and scaling rules based on your objective.

Mini example

Output: test budget + KPI targets + scale/stop rules.

Prompt preview (copy on web)

Act as a practical marketing finance planner.

Snapshot:

Budget: {{budget}}

Objective: {{objective}}

Channels: {{channels}}

Markets: {{markets}}

Offer: {{product_offer}}

Task:

1) Propose a SAFE testing budget plan for 14 days (assume small business).

Open this prompt

<https://leonelulloa.com/p/16>

Channel strategy: where to focus first (by market)

What AI can do

AI can pick the best channels per country instead of spreading you thin.

Mini example

Output: top 2 channels per market + why.

Prompt preview (copy on web)

Act as a channel strategy advisor.

Snapshot:

Channels available: {{channels}}

Markets: {{markets}}

Objective: {{objective}}

Offer: {{product_offer}}

Customer: {{target_customer}}

Task:

For each market:

1) Recommend the top 2 channels to focus on first.

Open this prompt

<https://leonelulloa.com/p/17>

Partnership / influencer outreach (market-aware)

What AI can do

AI can draft outreach messages that fit local etiquette and tone.

Mini example

Output: 10 outreach messages + offer structure.

Prompt preview (copy on web)

Act as a partnerships manager.

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Markets: {{markets}}

Channels: {{channels}}

Task:

For the top 2 markets:

1) Identify 3 partnership types that fit (influencers, local businesses, affiliates, communities).

Open this prompt

<https://leonelulloa.com/p/18>

Retargeting plan (simple + effective)

What AI can do

AI can build a retargeting plan that turns ‘interested’ into buyers.

Mini example

Output: audiences + messages + timeline.

Prompt preview (copy on web)

Create a simple retargeting plan.

Snapshot:

Objective: {{objective}}

Channels: {{channels}}

Markets: {{markets}}

Offer: {{product_offer}}

Task:

- 1) Define 3 retargeting audiences (warm groups).
- 2) For each audience: message angle + CTA + format.
- 3) Set a 14-day timeline (days 1-14).

Open this prompt

<https://leonelulloa.com/p/19>

Lead capture → CRM → follow-up (workflow)

What AI can do

AI can design a workflow so no lead is lost (tool-agnostic).

Mini example

Output: trigger → steps → alerts → failure handling.

Prompt preview (copy on web)

Design a lead workflow (tool-agnostic).

Snapshot:

Channels: {{channels}}

Markets: {{markets}}

Objective: {{objective}}

Tools: {{tools}}

Workflow must include:

- Lead capture trigger(s)
- Data fields (market, language, source, offer)
- Dedupe rule

Open this prompt

<https://leonelulloa.com/p/20>

Content factory workflow (localized)

What AI can do

AI can automate a weekly pipeline: ideas → drafts → approval → schedule → report.

Mini example

Output: weekly routine + approvals + report.

Prompt preview (copy on web)

Design a localized content factory workflow.

Snapshot:

Channels: {{channels}}

Markets: {{markets}}

Objective: {{objective}}

Tools: {{tools}}

Workflow must include:

- Weekly idea generation per market
- Draft creation per channel
- Human approval step

Open this prompt

<https://leonelulloa.com/p/21>

KPI dashboard + weekly review (by market)

What AI can do

AI can create a simple dashboard so you know what to improve next week.

Mini example

Output: KPIs + targets + decisions based on data.

Prompt preview (copy on web)

Create a market-aware KPI dashboard and weekly review.

Snapshot:

Objective: {{objective}}

Channels: {{channels}}

Markets: {{markets}}

Budget: {{budget}}

Task:

For each market:

- 1) Choose 5 KPIs that matter for my objective.
- 2) Set realistic targets for a small business.

Open this prompt

<https://leonelulloa.com/p/22>

Should I sell to other countries? (feasibility)

What AI can do

AI can assess international expansion with realistic constraints.

Mini example

Output: best markets + risks + first steps.

Prompt preview (copy on web)

Act as an international expansion advisor.

Snapshot:

Offer: {{product_offer}}

Delivery constraints: {{delivery}}

Markets I'm considering: {{markets}}

Budget: {{budget}}

Task:

1) Evaluate if cross-border selling is realistic for my offer.

2) Identify the best 2-3 markets to test first and why.

Open this prompt

<https://leonelulloa.com/p/23>

30-day marketing roadmap (by market)

What AI can do

AI can combine messaging, content, ads, and ops into one month plan.

Mini example

Output: Week 1–4 milestones + KPIs + budget rules.

Prompt preview (copy on web)

Create a 30-day marketing roadmap (market-aware).

Snapshot:

Offer: {{product_offer}}

Customer: {{target_customer}}

Markets: {{markets}}

Objective: {{objective}}

Differentiator: {{differentiator}}

Channels: {{channels}}

Budget: {{budget}}

Delivery: {{delivery}}
